Quality photos are the most important part of the card. **Please submit 3 photos:** a shot of you riding, a headshot, and/or a shot of a pose, crash, pre race etc...for the back of the card. Keep in ming that the main riding shot will be used on the front of the card and should be in a vertical format to avoid unwanted cropping. **ONLY PHOTOS WITH 1x1 BIKES WILL BE ACCEPTED.**

Roost® prefers digital photos at 3x4 inches @ 300 DPI (900x1200 pixels). Most digital cameras nowadays take photos at that resolution, so you should be fine as long as you aren't pulling photos of yourself off the web. Please email digital files to **roostcards@mac.com.** The digital files should be in .jpg, pdf, or a.tif file format.

If needed, you can submit a photo print to be digitally scanned, although its much easier to submit digital photos. Please mail or hand deliver photo prints to the address below. Please send any questions to **roostcards@mac.com.**
